LET'S GET SOCIAL:

WE LIKE YOU, BUT HAVE YOU LIKED US YET?

SEEKING FLEXIBILITY?

LOOK NO FURTHER THAN A LOCUM TENENS CAREER!

Are you seeking a flexible work schedule that gives you more control over your life? You may want to start considering employment opportunities with MedPartners Locum Tenens! With a locum tenens career, you'll be afforded a great degree of latitude and flexibility to shape your schedule and professional growth.

Here are some of the many benefits of a locum tenens position:

- **Assignment length.** Most locum tenens assignments last between two weeks and two months, and locum tenens physicians can select an assignment length that suits their interests. In some cases, locum tenens physicians may receive permanent offers from their respective facilities. In these cir-

cumstances, the option to “test drive” an opportunity benefits both the physician and facility, allowing both parties the chance to determine whether the physician is a good fit for a full-time position.

- **Location.** Many physicians who choose a locum tenens career path are those who seek variety in their employment experiences. Whether you choose to work close to home or opt for an assignment in a new city, the freedom to experience a new work environment every few months is very appealing to many physicians. With demand for healthcare employees increasing at facilities throughout the U.S., there are thousands of locum tenens opportunities to explore nationwide.
- **Diverse experience.** Whether you’re seeking a permanent

opportunity or have committed yourself to a long-term locum tenens career, a locum tenens job allows you diverse employment experiences in which you can focus on patient care and interact with medical colleagues nationwide. Also, depending on your staffing agency, many locum tenens assignments include medical malpractice coverage and travel and housing costs – freeing you from the stress of those expenditures.

Make your dreams of a flexible healthcare career a reality! Discover the many benefits of a locum career and put your future in your own hands.

READY TO LIVE THE LOCUMS LIFE?

MEDPARTNERS LOCUM TENENS HONORS HEALTHCARE PROVIDERS FOR NATIONAL LOCUM TENENS WEEK

On August 14th MedPartners Locum Tenens announced the launch of an annual initiative focused on recognizing its locum tenens providers the second week of each August in conjunction with NALTO® National Locum Tenens Week.

Jay Mays, CEO and Co-Founder of MedPartners Locum Tenens remarked, "We are very excited to dedicate this week to our valued healthcare providers in recognition of the essential services they provide each and every day. Our locum tenens physicians, physician assistants, and nurse practitioners provide a wide variety of exceptional services to the patients who need them and it is our pleasure to connect these talented individuals with the healthcare facilities that need them."

National Locum Tenens Week is an opportunity for the healthcare staffing industry to collectively recognize the vital role that contract medical professionals serve in combating the physician short-

age within communities throughout the United States. As part of the weeklong celebration, healthcare staffing agencies are encouraged to share stories about their locum tenens providers and the positive impact felt by patients in need through their ongoing contributions.

ABOUT MEDPARTNERS LOCUM TENENS

With years of healthcare and physician staffing experience, MedPartners Locum Tenens has the knowledge, resources and proven industry commitment to help facilities meet the increasing demands of today's rapidly changing healthcare landscape. MedPartners Locum Tenens specializes in

placing well-qualified physicians and advanced practice clinicians in locum, locum-to-perm and direct hire staff and leadership positions while making this process as seamless as possible for client facilities. We will always be people helping people, powering organizations with proven talent.

ABOUT NALTO®

The National Association of Locum Tenens Organizations® (NALTO®) is the official governing body of locum tenens staffing whose purpose is to provide industry standards, ethical guidelines, continuing education and a collective forum focused on meeting the needs for care at medical facilities nationwide.
